Dear Prospective Feng Shui Student:

It has been my privilege to study at the Long Island Feng Shui Institute with Ileen Weiss Nelson and her faculty of Feng Shui and spiritual masters these last 10 months. I can honestly describe the experience as life changing! I came to this program with more than 20 years of study, training and life work in the spiritual and metaphysical fields and found that what I received in the study of BTB Feng Shui and the teachings of His Holiness Grandmaster Professor Lin Yun clarified, expanded and accelerated my understanding of how energy (chi) effects every aspect of our lives.

I came to this course of study after attending last year's graduation ceremony with my wife, Rev. Laurie Sue Brockway. She had enrolled in the course after studying Feng Shui with other schools for more than ten years. It was not my "conscious intention" to study Feng Shui and yet I was so moved by the "Chi Adjustment" I received from Professor Lin Yun that day that the call to study was spontaneous.

The faculty is rich with wisdom and diverse in background, bringing many disciplines under the Feng Shui umbrella. One would have to travel extensively and attend many workshops around the world to receive the same teachings and transmission of energy that Ileen has so carefully and lovingly assembled into her program.

I completely and without reservation recommend this program to anyone who wishes to practice Feng Shui or enhance and develop their existing healing practice. Please feel free to contact me by phone or email if I can answer any question that you may have about the program.

Yours truly,

Rev Victor Fuhrman
